

High Commission of India
Dar es Salaam

Dated: 20 May 2020

NOTICE

The High Commission is engaged in discussions with Air Tanzania for sending a special flight for evacuation of Indian nationals with domicile addresses in the States of Maharashtra and Gujarat. Our effort is to have this flight leave for India by end of May, 2020. The cost per passenger is expected to be in the range of USD 650 - USD 850 depending upon actual number of passengers. The High Commission will, of course, try to get the best possible rates. Indian citizens who are ready to fly at the proposed cost should send a confirmation to cons2.desalaam@mea.gov.in latest by the morning of 22 May 2020 and also send us the enclosed '**UNDERTAKING**', duly filled in and signed. In case those confirming their readiness to travel have not sent the details either to the High Commission or to Maharashtra Mandal/Patel Samaj (Mr. Jigar Patel), they may send the details immediately in the format available at <https://hcindiatz.gov.in/advisory-6-5-2020-nnn.php> to the above mentioned email ID. Those confirming their readiness to travel shall have to pay a certain minimum sum of money (being worked out) as non-refundable booking amount to Air Tanzania, which is adjustable against the ticket cost.
